	CON-SNT-PKG12/SMARTnet (1 year) 8x5 next-business-day for C3745 (1)	\$1,875
	First year warranty included in purchase price	\$0
	Service based on 1 additional year	\$3,236
	Service based on 4 additional years	\$12,945

\* All prices from ProCurve, 3Com, and Cisco were independently obtained in February 2005 by InfoTek Research using U.S. Internet shopping sites (a study commissioned by HP). Cost-of-ownership totals for 3Com and Cisco include charges for services and support. The ProCurve solution includes in the purchase price an equivalent level of services and support for as long as you own the products. Because the ProCurve Secure Router 7000dl series products will not be available until April 1, such internet pricing was not available. Pricing for the ProCurve Secure Router 7000dl series products were obtained by the HP SMB online store
